DETAILED ACTION

Response to Amendment

1. This office action is in response to applicant's amendment filed, 04 January 2007, of application filed, with the above serial number, on 10 January 2002 in which claims 1 and 4 have been amended, claims 2-3 and 5-23 are cancelled, and claims 24-48 have been added. Claims 1, 4, 24-48 are therefore pending in the application.

2. The reply filed on 08 January 2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

The amendment filed on 04 January 2007 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). Newly submitted claims 1, 4, and 24-48 are directed to an invention that is independent or distinct from the invention originally claimed. The remaining claims are not readable on the elected invention because the non-elected invention primarily comprises being performed without accessing a computer network (offline), as well as being performed on a tablet device.

37 CFR 1.145. Subsequent presentation of claims for different invention.

If, after an office action on an application, the applicant presents claims directed to an invention distinct from and independent of the invention previously claimed, the applicant will be required to restrict the claims to the invention previously claimed if the amendment is entered, subject to reconsideration and review as provided in § § 1.143 and 1.144

Art Unit: 2157

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1, 4, and 24-48 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Further, Applicant's remarks are non-responsive. Applicant states claims 23-48 as being added (p. 8, line 1), however, claim 23 is cancelled. Applicant also states support for the amendments can be found at pages 8-15 and 21-26 of the specification (p. 8, lines 2-3). However, there is nothing on these pages applicable to the amendments of the claims. Also, Applicant has not responded to claim objection. Additionally, Applicant states limitations of claim 47 as being similar to claim 1, and thus reasons for allowance being similar to claim 1 reasons; however, claim 47 is rather dissimilar as it does not dictate a tablet device, nor the tablet device's functionality, identification of particular content, etc.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
